

RISK MANAGEMENT POLICY

(Last amended on 25th May, 2022)

Easy Trip Planners Limited (“the EaseMyTrip / Company”) considers ongoing risk management to be a core component of the Management of the Company, and understands that the Company’s ability to identify and address risk is central to achieving its corporate objectives. The Company’s Risk Management Policy (“the Policy”) outlines the program implemented by the Company to ensure appropriate risk management within its systems and culture.

The Policy is formulated in compliance with Regulation 17(9)(b) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“the Listing Regulations”) and provisions of the Companies Act, 2013 (“the Act”), which requires the Company to lay down procedures about risk assessment and risk minimization.

1. The Board of Directors of the Company shall form a Risk Management Committee (hereinafter referred to as “Committee”) who shall periodically review this Policy of the Company so that the Management controls the risk through properly defined network. The Board of Directors may re-constitute the composition of the Committee, as it may deem fit, from time to time.
2. The responsibility for identification, assessment, management and reporting of risks and opportunities will primarily rest with the business managers. They are best positioned to identify the opportunities and risks they face, evaluate these and manage them on a day to day basis.

The Risk Management Committee shall provide oversight and will report to the Board of Directors who will provide, in addition to identifying any other risks, necessary guidance and the ways and means to mitigate the risks, reduce the impact of risks, cover the possible losses to recover from Insurance and provide alternate effective ways for continuity of services.

Policy

Our risk management approach is composed primarily of three components:

- Risk Governance
- Risk Identification
- Risk Assessment and Control

Risk Governance:

The functional heads of the Company are responsible for managing risk on various parameters and ensure implementation of appropriate risk mitigation measures.

The Risk Management Committee provides oversight and reviews the risk management policy from time to time.

Risk Identification:

External and internal risk factors that must be managed are identified in the context of business objectives

Risk Assessment and Control:

This comprises the following:

- Risk assessment and reporting
- Risk control
- Capability development

Risk Management Program

The Company's risk management program comprises of a series of processes, structures and guidelines which assist the Company to identify, assess, monitor and manage its business risk, including any material changes to its risk profile.

To achieve this, the Company has clearly defined the responsibility and authority of the Company's Board of Directors as stated above, to oversee and manage the risk management program, while conferring responsibility and authority on the Company's senior management to develop and maintain the risk management program in light of the day-to-day needs of the Company. Regular communication and review of risk management practice provides the Company with important checks and balances to ensure the efficacy of its risk management program.

The key elements of the Company's risk management program are set out below:

Risk Identification

In order to identify and assess material business risks, the Company defines risks and prepares risk profiles in light of its business plans and strategies. This involves providing an overview of each material risk, making an assessment of the risk level and preparing action plans to address and manage the risk.

The Company majorly focuses on the following types of material risks:

- Business Risks;
- Technological Risks;
- Strategic Business Risks;
- operational risks;
- quality risks;
- competition risks;
- realization risks;
- cost risks;
- financial risks;
- human resource risks; and
- legal/regulatory risks.

We have in place a strong risk management framework with regular appraisal by top management. Enlisted below are the key risks identified by management and mitigation measures.

Risks	Mitigation measures
<p>Economic Risk Our business is closely associated with the macro environment that impacts the consumers' spending power. The COVID-19 pandemic has not only led to global health and safety concerns, but has also thrown many economies into slowdown.</p>	<p>We have taken several measures to combat the temporary effects of the pandemic on our businesses. To mitigate health and safety concerns of our consumers and staff, there is an increased focus on online sales with minimal physical interaction. We are also focusing on technology as a key enabler in emerging as a far leaner and efficient organization.</p>
<p>Credit Risk As we deal with a wide range of corporates and channel partners, we are exposed to credit risk. Any default or delay in payments may adversely affect our financials.</p>	<p>Our well-defined, balanced and comprehensive client policy drive all contracts and business dealings, in addition to the finance team's evaluation of financial capabilities of big clients and channel partners</p>
<p>Forex Risk Being exposed to a significant number of geographies, we deal in a number of currencies and run the risk of unfavourable movement in any currency leading to financial losses.</p>	<p>We have a stringent hedging policy to manage forex risks. We keep a close watch on all currency movements and enters hedging contracts to protect margins.</p>
<p>Competition Risks We are a premium brand in all categories across geographies and compete with local players. Due to stiff competition and pricing wars, our operating margins can be adversely impacted.</p>	<p>Our leadership presence in most markets help in deriving competitive advantages while our pricing strategy is based on healthy targeted margins</p>

Oversight and management
