Gross Booking Revenue, however, fell from Rs 4,204 crore in FY2019-20 to Rs 2,128 crore in FY2020-21 as a result of a national lockdown and pandemic dictated travel domestic and international travel. In the fourth quarter of the year, however, EaseMyTrip witnessed a V-shaped recovery as it made almost 89% of the gross booking revenue of the corresponding quarter in the previous fiscal, clocking in gross revenue of Rs 907.6 crore in the Q4 of FY20-21 as opposed to Rs 1024.9 crore in Q4 of FY20-21.

The increase in profitability despite lower income was driven by increase in margin & commissions, and reduction in operational expenses including reduction in discounts, marketing and sales promotion and employee expenses as well as gains from cutbacks in payment charges. The net impact was a reduction in total expenditure from Rs 135 crore in fiscal 2019-20 to Rs 67 crore in fiscal 2020-21.

According to **Prashant Pitti, Co-Founder and Executive Director**, “Despite the challenges faced due to the pandemic, EaseMyTrip recorded its highest ever profitability in FY2021. This was possible due to increased commission from airlines, increase in operational efficiencies and our model of working on lean cost of operations. We have battled the headwinds of the Covid-19 pandemic and returned with strong profitability due to our lean cost structure and our ability to economize further without losing out on the revenue pie. FY20-21 was a year where the first two quarters were basically a washout for the industry due to the lockdown. The fact that we could bounce back in the last two quarters shows the resilience of the company.

We anticipate a huge pent up demand for travel & tourism sector post the vaccination drive across India, giving us strong revenue visibility for years to come. With new avenues for growth from hotels & holiday sector and leveraging our existing base of customers for cross selling we anticipate increased wallet share from the our customers enhancing the revenues & profitability going forward.
