Here's everything you need to know:

- Guests can enter Abu Dhabi and transit to Dubai if they are a UAE national or resident, or if they are eligible for a [visa on arrival](#).
- All guests will receive a COVID-19 test when they land at Abu Dhabi airport. As soon as they receive a negative test result, there's no need to quarantine in Dubai.
- To transfer between Abu Dhabi and Dubai, guests must use our complimentary Etihad Chauffeur services, or take an Airport Taxi.
- COVID-19 PCR testing is included with all flights from Abu Dhabi or Dubai.
- Guests should always [check the latest travel regulations](#) before they fly.

Keeping everyone protected with COVID-19 testing

COVID-19 PCR testing is mandatory before every flight. Guests will feel safe knowing that everyone flying with us has tested negative for COVID-19.

A test is required 48 or 72 hours before the flight departure time depending on the guest's final destination. Full regulations can be found [etihad.com/destinationguide](https://www.etihad.com/destinationguide). These change regularly so we recommend that guests check before they fly.

We're committed to everyone's wellness

Wherever your guests are flying to, they can travel there with confidence. We've

extended our COVID-19 wellness cover until 31 March 2021, meaning that if your guest is diagnosed with COVID-19 whilst they're away, we'll take care of their medical expenses and quarantine costs.
