

Dear Traveler,

Greeting from flynas

The Best Low Cost Airline in the Middle East, Flynas would like to update you with the required procedures for passengers traveling to Jordan. Please disseminate the updated information below to all of your team members.

## **Update on Travel Regulations**

### **Flights to Jordan:**

- Passengers should obtain PCR test with a negative result within 72 hours from arrival time from KSA to Amman.
  - Passengers are required to take another PCR test upon arrival, the fees of which has been included in all Flynas tickets departing from KSA **starting from 20<sup>th</sup> February 2021**.
  - All passengers should fill the declaration form at the check in counters before taking the boarding pass.
