Keeping everyone protected with COVID-19 testing

COVID-19 PCR testing is mandatory before every flight. Guests will feel safe knowing that everyone flying with us has tested negative for COVID-19.

COVID-19 PCR tests are required 48 to 96 hours before the flight departure time, depending on the guest's final destination. Full regulations can be found at [etihad.com/destinationguide](https://www.etihad.com/destinationguide). These change regularly so we recommend that guests check before they fly.
