## Updates from Scoot

Dear Trade Partners,

Scoot would like to draw your attention to our latest updates.

**Mandatory Input of Passport Information for all China Flights**

With effect from 09 December 2020, it is mandatory to input passenger's passport information when booking inbound and outbound China flights.

For API agents, please contact [Scoot API team](#) for further queries.

For GDS bookings, please refer to [Special Service Request](#) blogsite for more information

regarding input of passport details, or contact your GDS technical helpdesk.

**Air Travel Pass**

With effect from 18 December 2020, Singapore will lift border restrictions for visitors from Taiwan.

Foreigners who are short-term visitors travelling from Taiwan, may seek entry into Singapore by applying for an Air Travel Pass (ATP).

Application for the ATP must be made between 7 to 30 calendar days prior to their entry into Singapore. Processing time of an ATP application takes around 3 working days, and travelers are encouraged to factor in the time required when booking their flights.

Successful applicants will be subjected to a COVID-19 test upon arrival in Singapore, in lieu of a Stay-Home Notice (SHN).

Please click [here](#) for more information on ATP.

Scot will continue to monitor the situation, as well as evolving regulatory guidance, and will review our procedures as required. Do visit [our website](#) for the latest announcements.

Should you have any further questions for us, do contact your local Scot office.

With Best Regards,  
Scot Sales Operation Team
